

Epson TM-H6000IV Series

DATASHEET

Produce receipts, print slips and process cheques with the Epson TM-H6000IV, which combines three functions into one flexible, compact device.

Cut your costs and reduce your paper usage by up to 31 percent with the TM-H6000IV's paper save feature. Instead of squeezing logos and text, which causes distortion and can compromise legibility, the paper save feature automatically reduces blank spaces and barcode height. It also prints the top of the next receipt before cutting the current one to decrease the top margin.

Further reducing your TCO, TM-H6000IV's ENERGY STAR-qualified power efficiency¹ lowers your energy bills.

Easily manage a fleet of TM-H6000IV printers using the remote control function, which enables administrators to view status, monitor usage and change settings for each printer via your network. Integration is just as simple, thanks to the TM-H6000IV's wide interface compatibility.

Make a good impression on your customers with fast, high-quality receipts; the TM-H6000IV prints in greyscale for eye-catching logos and graphics, and won't keep customers waiting with print speeds of up to 300mm/sec for receipts and 5.7lps for slips. Cheques are processed quickly using the optional MICR reader, which has an accuracy rate of over 99 percent.

KEY FEATURES

- Cut paper usage by up to 31 percent
- Energy efficient
- Network management and remote monitoring
- USB interface included as standard
- Greyscale graphic printing
- Fast receipt and slip printing
- High accuracy MICR with over 99 percent accuracy rate
- Small footprint

¹When used with Epson PS-180 power supply.

Simple to operate and replace consumables

PRODUCT SPECIFICATIONS

	RECEIPT	SLIP / E/P ¹
PRINT TYPE	Thermal line printing	9-pin serial impact dot matrix
PRINTER SPEED	300mm/s	Approx. 5.7lps ² for face side (at 40 columns, 17.8cp ³) Approx. 4.0lps ² for back side (at 40 columns, 21.2cp ³)
FONT		
Column capacity (col)	56/42	Slip: 45/60, E/P: 40
Character size (W x H)	0,99 x 2,4mm / 1,41 x 3,39mm	Slip: 1,56 x 3,11mm / 1,24 x 3,11mm, E/P: 1,09 x 2,41mm
Character set	95 alphanumeric, 37 international 128 x 11 graphic	95 alphanumeric, 37 international, 128 x 12 Graphic
Characters per inch		Slip: 13,3 cp ³ / 17,8cp ³
INTERFACES	USB onboard and changeable interface board (RS-232, bi-directional parallel, powered USB, Ethernet 10BASE-T, wireless LAN)	
DATA BUFFER	4KB or 45bytes	
PAPER		
Paper type	Roll paper / specified thermal	Normal / pressure-sensitive / carbon copy
Paper size (W x L)	Roll paper: 79.5 ± 0.5mm, 57.5 ± 0.5 x dia. 83mm (option)	68 to 230 x 68 to 297mm (Note: The minimum paper size is 68 x 152mm)
Copy capability		Slip: one original and three copies, E/P: one original and two copies
POWER		
Power supply	PS-180 + AC cable (option)	
Power consumption	Standby: 0,1A Mean: approx. 1,8A	Mean: approx. 1,7A
RELIABILITY		
MTBF	360,000 hours	Slip: 180,000 hours
MCBF	96,000,000 lines	Slip & E/P: 65,000,000 lines
GENERAL		
Interface connectors	D.K.D. function (2 drivers), customer display port	
Overall dimensions (WxDxH)	186 x 278 x 182mm	
Weight	4,4kg	
EMC standards	VCCI class A, FCC class A, CE marking, AS/NZS CISPR22 class B	
Safety standards	UL / CSA / TÜV (EN60950) / GOST-R (IEC60950, CISPR22)	
FACTORY OPTIONS	MICR device, endorsement printer (E/P), validation	
COMMERCIAL WARRANTY	24 months return-to-base
